PROCEEDINGS OF THE WESLEY HISTORICAL SOCIETY

Cumulative Index to Volumes 51 to 60

Prepared by Dr Christine E. Jones

INTRODUCTORY NOTE

This index to Volumes 51-60 of the *Proceedings* is a sequel to the *General Index* to volumes 31 to 50 compiled by John Vickers and published in 1997. It follows closely the style and conventions of its predecessor in that volume numbers are given in Arabic numerals and printed in bold. However, references to publications are now in italics rather than underlined.

As before, there are separate indexes to contributors and their articles and to illustrations. There is also an index to book reviews, arranged by author. However, the layout in this index has been altered to correspond to that of the individual indexes to volumes 56 to 60, starting with the Index to Illustrations, then the Index to Contributors and Articles (by author), followed by General Index, and finally the Index to Book Reviews.

In the case of extended references, the first and last page numbers are given. The letter 'n' has been used to draw attention to information located in a footnote.

Also like its predecessor, the cumulative index is based on the biennial volume indexes compiled originally by John A. Vickers (volumes 51-55) and Mary Madden (volumes 56-60). Thanks are due to them for their diligence, and to John McCartney (Proceedings Distribution Manager) for providing hard copies of those indexes from which to compile the current work. Errors and omissions are the responsibility of the current indexer and compiler.

Thanks are also due to the following Officers of the Wesley Historical Society – Clive Field (Bibliography Editor), David Leese (General Secretary), John Lenton (Librarian), Barry Lotz (Proceedings Production Editor) and Donald Ryan (Administrator) – for their support in this project, particularly when I did not know whether citations in different volumes referred to the same person.

CHRISTINE E. JONES
