

## A Treasurer's Account, 1773-4.

THROUGH the kindness of our valued member, Mr. B. B. Granger, of Nottingham, the Account Book of the Melbourne Baptist Church from March 1771 to May 1834 has been placed in the archives of our Society. Here is an interesting early page :

The treasurer, Samuel Robinson, was son of Thomas Robinson, who was one of the twenty-two witnesses to the marriage of Francis Smith, on the 20th August, 1753, in the Melbourne meeting-house. Such common law marriages were rendered illegal the next year, owing to the scandal of clergy who married anywhere without notice—on the Gretna Green style. Samuel Robinson died on the 5th June, 1796.

Thomas Perkins of Hinckley had much to do with founding Longford. In 1760 he and Francis Smith were ordained pastors of Melbourne. Both went with Dan Taylor to London in 1770, and on 6th June they helped found the New Connexion. Three years later, at Hugglescote, Perkins assisted in the organisation of the Association, to which is due the 1774 guinea subscription shown in the above accounts.

Can any member elucidate the item of May "for corn for Bro. Perkins Horse and Lion before they went to Yorkshire, 6s."? Even Perkins could hardly drive a horse and a lion in double harness! No vehicle of that period appears to have been known as a lion, and no "Horse and Lion" public house or hostelry can be traced. Possibly Lion is the name of a second representative.
