

## Rev. William Staughton, D.D., (1770-1829)

WITH the help of Bristol Baptist College it has been possible to microfilm some material relative to the life and work of the Rev. William Staughton, D.D. This means that much new source material is available in this country for a study of the life and work of this man, who was "the student" present at the founding of the Baptist Missionary Society, in 1792, and who went the following year to the United States where he became an influential Baptist leader in the cause of Foreign Missions.

The first reel of microfilm contains the Minutes of the Sansom Street Church, Philadelphia, where Staughton was minister from 1811 to 1824. The second reel contains 12 manuscript sermons of Staughton. All this material is deposited with the American Baptist Historical Society and has been microfilmed by them.

The third reel of microfilm contains nine printed works of Staughton, a circular letter he wrote in 1815 for the Philadelphia Association, and part of his abridgement of Gill's *Body of Divinity*. This material has come from the American Antiquarian Society, Park Avenue, Worcester 9, Massachusetts, U.S.A., where the originals are kept. The contents of this reel are appended in the list below.

There is one other important addition to our material regarding Staughton. Mr. Howard D. Williams, the archivist of Colgate University, Hamilton, New York, has kindly given to Bristol Baptist College a copy of the only biography of Staughton ever published. This was by Staughton's son-in-law, S. W. Lynd, and it was printed in Boston in 1834. The only other copy of this known to exist in this country is in the British Museum.
