Eating Wild Spinach

"Now that the better weather has come we were hoping for some relief of the intense pressure of need, but here in Greece things are getting worse. The value of money has so depreciated that it is making it almost impossible for the poor to earn enough to buy bread."

"It is a common sight to see women searching the hillside, digging out wild spinach with an old knife. Many I fear are just existing on boiled spinach and no bread."

"In Macedonian villages money has almost disappeared. I saw two eggs brought into a shop in exchange for a box of matches: another time five eggs for a candle."

Please help us a little more, so that really necessitous cases can be relieved and starvation held in check.

NATIONAL CHURCH LEAGUE

(INCORPORATED)

**For the Defence and Promotion of the
Reformed Faith of the Church of England.**

"CATHOLIC. APOSTOLIC. REFORMED. PROTESTANT."

President :

The Right Hon. SIR THOMAS INSKIP, C.B.E., K.C., M.P.

Offices :

Dean Wace House, Wine Office Court, Fleet Street, E.C.4.

THE NATIONAL CHURCH LEAGUE conducts an active propaganda work on constructive and educational lines, to maintain the Character of the Church of England as the National Church and also as one of the Reformed Churches of Christendom. Its activities include :—

Providing lectures and sermons on subjects dealing with the Bible, the Prayer Book, Church History, Church Doctrine and current Church questions generally.

A large Book Room and Publishing Depot at Dean Wace House.

The organization of the constituency in the Dioceses for promoting the return of suitable candidates on Church bodies comprised within diocesan organization.

A Patronage Trust.

A Fund for assisting candidates in their training for Holy Orders.

The provision of material for work among young people, Sunday Schools, etc.

OPPORTUNITIES for an extension of the work of the National Church League were seldom more promising than they are to-day, but they await the active support of Church men and women in the parishes.

THE help of individuals is needed, not only in the formation of local branches of the National Church League, but to ensure that the Branches shall exert a definite influence upon local Church affairs, especially in matters of Diocesan interest.

THE National Church League affords a practical and available centre for this work of organization, of education and of propaganda. If you do not know of a Branch in your neighbourhood get in touch with Headquarters at Dean Wace House, Wine Office Court, E.C.4, and join the central organization.

Closing doors

In many homes doors are closing, silently, surely, relentlessly—doors to employment, to comfort, to independence, to enjoyment. Some incurable malady has gripped the once active man, the once busy woman. All the days of the future are darkened.

Opening doors

The British Home and Hospital for Incurables, Streatham, has opened many doors of hope since it began its beneficent work in 1861. Sadness has been turned into gladness as successful applicants of the Middle Class have been notified that they have secured a home for life or a pension for the remainder of their days.

£60 is needed each day to maintain the Home and Hospital, and to provide the 291 pensions of £26 a year. Please help generously toward meeting this constant daily need.

Nearly One Million Pounds

Church and School, Graham's Hall, Demerara.

has been raised by the London Association in Aid of Moravian Missions since its inauguration 116 years ago.

The British Empire has vast responsibilities, not the least of which is to carry the Gospel to the heathen in remote, lonely, untouched quarters. Moravian Missionaries, fully recognizing that responsibility, have been engaged in that work for over 200 years. They have ever chosen the hardest tasks in the most difficult fields of labour.

Will you uphold their hands and enable them to enter many open doors which, at present, they cannot enter because of inadequate income?

Contributions will be gratefully acknowledged by CHARLES HORDAY, Esq., Chairman and Hon. Secretary, 70a BASINGHALL STREET, LONDON, E.C.2.
