

Theses

This new section of *RCL* is intended to become a regular feature of the journal. We plan to list all doctoral theses on the subject of religion in communist lands published throughout the world. In the three issues of Vol. 13, we plan to publish a list of theses published up to mid-1983 (the earliest is dated 1930). From Vol. 14 onwards, we hope to update this list regularly.

For ease of reference, the list has been subdivided according to subject. The list is subdivided, first by country, secondly by denomination, and thirdly by author's surname in alphabetical order. In Vol. 13, No. 1, we printed the following sections from the USSR category: Orthodoxy, Old Believers, Catholicism and Protestantism. In this issue we print the remaining sections from the USSR category: Judaism, Islam, and Buddhism. These are followed by sections on: East Germany, Poland, Czechoslovakia, Hungary, Yugoslavia, Bulgaria, Mongolia, North Korea, China, Vietnam, Ethiopia and Cuba. The list will conclude with other sections which do not fit in to the country/denomination scheme.

Some titles appear in more than one section, for ease of reference. They are indicated by an asterisk. All theses are for the PhD degree unless otherwise indicated. In a few cases, a short explanation of the thesis title has been added if its relevance to the section in which it is included is not immediately obvious. The abstract number appended to each entry refers to *Dissertation Abstracts International*; the items refer to the volume, issue and page number of a particular abstract.

This list has been compiled by Dr Mark Elliott of Asbury College, Kentucky, who retains full rights.
